ROLALUX VH01 ROLLDOWN CASSETTE

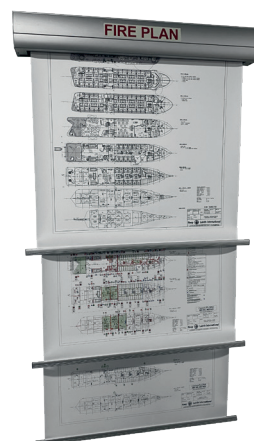

T-ISS

Product description

The Rotalux VH01 Rolldown Cassette provides a convenient way to store up to three different plans in one space. To ensure compliance, it's essential to keep general arrangement plans up-to-date, and the VH01 Rolldown system makes this easy with a simple removal and replacement system.

Safety and evacuation plans should always be accessible to support the captain and officers on vessels over 20 meters.
