

Product description

T-ISS SEAMATE HRU Ve-1 Basic model for life rafts from 6 up to 150 persons.

Our HRU consists of Fixation liferaft lashing/Knot fixation/ Fixing part to deck/HRU house/Cutting system.

By innovating the used materials, the product would not corrode and have a lifetime cycle 3 years. The model needs no service, maintenance and spare parts after installation.

Through innovation of our HRU, materials generate less than 50% of waste, it must be a eco-friendly choice, compared to common models.
