Datasheet
Hatch Cover Blueliner Tape

T-ISS™ safety suppliers
a Heijboer Safety Group company

Product description

T-ISS Hatch Cover Tape Blueliner (Haco Tape) is specifically designed to provide a reliable, watertight seal for hatch covers, helping prevent water ingress and protecting valuable cargo from potential damage during transport.

Manufactured to the highest quality standards, Haco Tape is built to withstand harsh marine conditions, offering excellent resistance to seawater, extreme weather and environmental exposure.

By effectively sealing hatch covers, Haco Tape provides a durable protective barrier against moisture, water, noise, smoke and other potentially harmful elements, ensuring greater cargo protection and peace of mind throughout the voyage.
