Product description

PLS LineShooter DUAL® is a pneumatic line thrower. Multi-use system capable of launching both rockets and mooring balls, designed for transferring messenger lines during mooring operations, ship-to-ship transfers, and tugboat connections.

Our PLS Dualineshooter shows sustainability due to pneumatic technology and is multifunctional due to use as mooringball shooter and lifeline rocket thrower

Total Unit:	10.4 kg / 175 cm
Packaging Size:	127 x 25 x 20 cm
Total Unit Weight:	20 kg

Shooting Chamber Pressure:	65 bar
Average Nozzle Velocity:	50.6 m/s
Maximum Recoil:	5400 N
Minimum Shots:	4 projectiles
Type Cylinder:	Composit leightweight
Air Cylinder Pressure:	300 bar
Volume:	2 liters

Certificates and Standards

Approvals

- Wheelmark
- UK-MER Red Ensign
- USCG

Standards

SOLAS/IMO regulation 74/83

Product Information

Art. no.:	PLT-300-DUAL
HS Code:	84248900.0000
IMPA:	232093
Designed in:	The Netherlands
Origin:	PRC

Features and Contents

The complete LineShooter set includes:

- 1 PLS 300 LineShooter
- 4 projectiles
- 1 rocket launcher
- 3 mooring balls
- 1 mooring ball launcher
- 1 user manual
- 1 durable carrying bag designed to securely store and transport the complete set
